Subject: RE: Todays 214

This is what I count in RM (the non-highlighted numbers). I will talk the tech guys to see what the issue is.

LARD OIL –	
72	Estimated Total Number of Houses within "Impact Zone"
39	Number of houses Oiled OUTSIDE
7	Number of Houses Oiled INSIDE
46	Number of Houses with Oil in YARD
55	Number of Houses with ACCESS AGREEMENTS Granted to both EPA and Lard

The revoked numbers fall into the denied column which is 6. We have 11 properties remaining to get access for. The number went from 73 to 72 properties because the lot on Hazelnut was part of 116 Hazelnut so we deleted the lot.

Also the house that had oil on the inside yesterday was given that distinction because the addition to the house which was/is the living room had that wood paneling that the oil soaked through and can be seen on the inside.

Let me know if you have any other questions.

Danny

Danny – Response Manager is still reporting we have 36 Access Agreements. Is this accurate? I thought we had somewhere in the 40s. Also, how do the Revoked correspond to that number?

Bryant

LARD OIL – 12:30 pm 8/29/2016	
73	Estimated Total Number of Houses within "Impact Zone"
39	Number of houses Oiled OUTSIDE
7	Number of Houses Oiled INSIDE
46	Number of Houses with Oil in YARD
36	Number of Houses with ACCESS AGREEMENTS Granted to both EPA and Lard

Also, for the house with Oil inside added yesterday, was there oil in the main part of the house or just the room under the carport?
